

Victor Damilola Bukola-Ojumu

ARTIST · TRADER · PRODUCT BUILDER · OPERATIONS & SALES

Multidisciplinary operator, artist and product builder based in Lagos, Nigeria. Managed inventory, sales records and an eight-person team at a car dealership; founded and ran a 10-pond commercial catfish farm; ran outdoor charcoal barbecue cooking for two years; and has traded forex and crypto markets since 2019. A self-taught graphite and charcoal artist with two collections on OpenSea, and the builder of live web products, including an AI football-prediction platform and an automated forex and crypto signal bot. Civil Engineering graduate of the Federal University Oye-Ekiti.

EXPERIENCE

Founder & Product Builder

2026 – Present

CMVNG · Independent

- Designed, built and launched **cmvngpicks.com**, an AI-powered football prediction platform that ranks fixtures by win probability, publishes daily accumulator slips with one-tap booking codes, and grades every pick in public.
- Built **cmvn signals.com**, an automated forex and crypto signal bot that scans pairs across timeframes, sets entry, stop-loss and take-profit levels, and tracks every result on a live dashboard (currently paper trading).
- Launched the **CMVNG Art Gallery**, an online portfolio with a mobile studio for publishing new and in-progress artworks.

Forex & Crypto Trader

2019 – Present

Independent

- Trades forex majors and minors and cryptocurrencies, with a primary focus on Bitcoin.
- Shares market views and trade ideas with followers through a Telegram channel.
- Turned a manual trading approach into software by building an automated signal bot.

Inventory Manager & General Manager

Showboy Motors · Car dealership

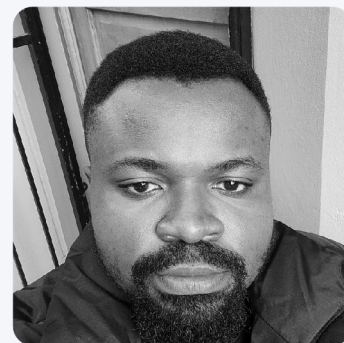

- Ran inventory control for the dealership, recording every car part received and tracking each vehicle moving out for inspection, repairs and painting.
- Kept the full sales record for every car sold, tracking each vehicle from import cost to sale price, with profit margins and losses.
- Managed day-to-day operations and a team of eight, including the secretary, repair manager, assistants and general staff.
- Closed vehicle sales and handled the buying and selling of cars.

Founder & Owner

3 years

Samalad Catfish Farm

- Founded and ran a commercial catfish farm with 10 ponds, planned around a 10-tonne annual production target.
- Managed the full production cycle: species and fingerling selection, stocking, feeding and feed conversion ratio (FCR), sorting and grading, and grow-out to large market sizes.
- Sold harvested catfish directly to buyers.
